THE VERY NEXT THING
BEACH STREET RECORDS

Theme:

MISSIONS

What's Next

Write down images that you get from the song lyrics and begin imagining your community and its needs.

The Plan

1 John 3:16-20

What does verse 16 say that love looks like?

Why do you think the passage calls for us to show love through action instead of words?

How does verse 17 speak about our typical outlook on helping people?

James 2:14-26

How is this passage similar to the passage in 1 John?

What do you think "faith without works is dead" means?

How can you put this faith into practice in your community?

Mark 12:28-31

What is the common theme between the two commandments that Jesus called the greatest?

Why do you think Jesus thinks love is so important?

How is serving others showing love?

How can you love and show love to your community?

Who Cares?

Brainstorm about ways you can reach and love on your community now. Put a plan in place to get outside the walls of the church and reach people with the love of Christ and then pray asking God to show you the very next thing.
