REACH RECORDS

Song:

CLOSER

Theme:

GOD'S LOVE

The Song

What does this song mean to you?

What imagery comes to mind as you listen to this song?

How close are you to God?

Are you running from Him? What makes you run?

How do you feel when you hear that God is always there and always loves us regardless?

Discussion

What reasons do people have for running from God?

What does pursuing God look like?

What does God do to pursue us?

How do you feel now that you know that God never gives up on or stops loving you?

Application

Where are you in your relationship with God? Are you trying to work your way closer to Him, or are you trying to run further away? Our goal should be to get as close to Him as possible so that we reflect His love to others. Think of one thing that you can do daily this week and will help decrease the gap in the relationship between you and God.
