SOCIAL ACTION

Freedom

Write down things we take for granted because of our freedom.

Luke 10:25-37

What makes this story so special?

Genesis 1:26-27

What does being created “in God’s image” mean?

What responsibility comes with that fact?

How do the first two travelers relate to people today?

Taken!

Galatians 3:27-29

Who does this passage say are heirs to the promises of Christ?

Why was it such a big deal for a Samaritan to do this?

Are the girls who are trafficked made in His image?

What do these two verses mean today for social injustice?

Why do you think the world has a hard time seeing this?

What does this show you about your world today and the need for action?

What can believers do to change that culture?

Wrap Up

Action is one of the greatest displays of God’s love for people. Words are good, prayer is better, but what more can you do to bring awareness, aid, and relief to those who experience social injustice whether that is trafficking, racism, or any other injustice? As a group, what can we do? Make a plan and then enact it.
