GOD'S WILL, GOD'S PLAN

## He's Our Rescuer

Read **1 Samuel 17:12-58** (focus on verses 16-24 and 45-52)

What are the "normal/routine" aspects of your life?

Do they seem like they just happen or are they exciting and adventurous?

When life gets dull what do you do?

Do you think that you have missed out on some of God's awesomeness because you decided to change things up?

## Application

When life gets dull and routine, finding excitement or being patient for God to work things out is hard. In these moments we are tempted to take control of our lives into our own hands. Don't let Satan trick you into thinking that you know better and can do better. God's timing and plan for your life is perfect. Don't mess with perfection!

What are some ways that you can learn to be more patient and wait on God to do His will in your life?
