Life Changers

For the next five minutes, make a list of all the life-changing events you can recall in your journey so far. Experiences may include the happy, the sad, and the challenging.

Indescribable

Read **John 9:1-12, 18-25**

- Describe the status of the man.

- What do you think it was like for the people to keep asking him how this happened?

- What is the one thing the man knows in verse 25?

- What do you think it would be like to have been blind from birth?

Happenin’

As you watch the music video, list some of the ways you hear Baylor describe the change in her life when she decided to follow Jesus.

- On what were Jesus’ disciples trying to blame the blindness?

- What actions did Jesus do along with healing him? (Using mud was typical among ancient healers. This symbolizes new creation.)

Question/Answer

In the silence of this moment, write down one crucial question you have that, if answered, would help in your decision-making process to let Jesus “happen” in your own life or allow you to grow deeper. If you have no questions, write down one way Jesus has answered a big question in your life.
