CONFIDENCE IN CHRIST

Think About This

Think about your friends- the people you know.

- How are they living life right now?

Matthew 14:22-33

- What does Peter have to believe about Jesus in this story?

Stand In faith

- Do you believe that God could change your friends' lives?

Jesus calls his followers to a certain kind of life - abundant life in a troubled world. That kind of life takes faith.

- What does this story teach us about the kind of people Jesus wants us to be?

- Do you believe, do you have faith, that God could use you to make that difference in their lives?

The Video

What words jumped out at you?

Matthew 9:1-8, 14:13-21

- What are the people in these two stories required to believe about Jesus?

- What is happening in your life right now that, if you stand in faith, others would be impacted by your decision to hope and trust in God?

Let's Talk

- How would you define the word faith?

- How does the faith of the friends of the paralyzed man impact that man's life?

- What might happen in your school if students began to see their fellow students living this new kind of life?

- How does God's word define it?

- What does the faith that Jesus challenges His disciples to have, do for the people around them?

- What if they saw students standing in faith? What could happen?
