Theme:

CONFIDENCE IN CHRIST,
COURAGE, GOD'S LEADING

Isaiah 40:30-31

- How many of us can feel tired, weary, and faint at times?

Romans 12:2

- What does it mean to have a renewed mind?

Matthew 5:23-24

- According to these verses, what should we prioritize over our worship?

- The Scripture says those who HOPE in the Lord renew their strength. What does it mean to hope?

2 Kings 6:8-17

- When Elisha saw the King's army with horses and chariots, why was he able to remain so calm?

- One translation says, "wait." How does that make sense to us today?

Psalms 119:105

- Have you ever walked around in the dark and wished your flashlight could shed light on your feet and the path in front of you?

Planning Ahead

Figure out a plan that works for you to renew your mind. Ask for a list of Scripture to look at often enough and long enough to get them into your head and heart. Start actually reading or listening to the Bible on a device. Make a plan that includes others helping you do this.
